

SPECIFIC PROCUREMENT NOTICE

Institution: Inter- American Development Bank

Country: Suriname

Project: Business Climate and Innovation Program

Sector: Business

Abstract: Rehabilitation of Fab Lab Building

Loan No.: 3402/OC-SU

Contract: SUBCIP 050

Deadline: February 10, 2020 at 12.00 PM local time

This national bidding notice was announced under the General Procurement notice advertised for this project was published in Development Business Online, issue no. issue no **IDB246-03-16 of March 7, 2016.**

The government of Suriname has received financing from the Inter-American Development Bank (IDB), and it intends to apply part of the proceeds to payments under the project Business Climate and Innovation for Rehabilitation Fab Lab Building.

The Ministry of Trade Industry and Tourism through the Business Climate and Innovation Program now invites sealed bids from eligible bidders for the following:

The Works consist of the following:

LOT 1

- Rehabilitation and related works of the building on the Zuidelijke Industrieweg besides “Dienst Waarborg en Ijkwezen” of the Ministry of Trade, Industry and Tourism according to the drawings and specifications of this lot.
- Construction of restrooms, new walls, front and rear façade and entrance.
- Replacement of the roof and purlins
- Install new roof gutters
- Installation of electricity and water. Install led lamps in the building. There is currently no electricity and water.
- Construction of a new sewerage system septic tank, drain bed and pits.
- Painting of the restrooms.
- Disposal of all material by cleaning up after completion of the works.

LOT 2

- Providing 11 modified and used containers (4 high cube and 7 normal shipping containers) for work space, storage, office use, sound recording studio (There is a sound recording room and studio. As many sound lab building physics is difficult to be predicted. Absorbing materials will be placed depending on the flutter, reverberation and echo of the room). Flutter (hard sound reflection), echo and reverberation will be measured and it should be satisfactory for the client after it has been built.
- Training units shall be prepared as indicated in the drawings and specification.
- Construction of a stamped concrete footpath in the building. See detailed specifications and drawings.
- Filling of indicated area with 40 m³ gravel or crushed stone. See detailed specifications and drawings.
- Providing plants and flowers in pots. To make the fablab eco-friendly we propose to have 20 flower pots in the building.
- Connecting the electricity for the 11 containers.
- Disposal of the material by cleaning up after completion of the works. Before the first delivery the contractor has to remove all of the remaining construction materials.

Bidding will be conducted through National competitive bidding procedures as specified in the Inter-American Development Bank's Policies for Procurement of Works and Goods financed by the Inter-American Development Bank (current edition), and is open to all eligible bidders as defined in the policies.
